This impressive four-double-bedroomed, detached family home is located in the sought-after village of Shipton Bellinger, with excellent proximity to open countryside and the transport network. The property benefits from over 1700 square feet of living space along with driveway parking and an EV charging point, solar panels plus, a large, mature garden to the rear with the River Bourne passing through. Well presented throughout, the accommodation comprises a first floor with an entrance hallway, an expansive living room, complete with a modern wood-burning stove, a cloakroom, a kitchen with its own snug and an open flow into a dining room, a good-sized utility room and a conservatory. The first floor provides a dual-aspect master bedroom suite, three further double bedrooms and a family bathroom. Viewing is highly recommended in order to fully appreciate everything that this unique property has to offer.

The property has an excellent flow along with a simple but very effective layout on both floors, making it an ideal candidate for those potentially looking to upsize. The entrance hallway sits centrally on the ground floor with attractive carrera floor tiles, access to the cloakroom and built-in storage. The living room spans the front of the ground floor, with two large windows to the south-facing front and a modern wood-burning stove set within an original open fire recess on a granite hearth. The kitchen and snug, along with the dining room form a large, open-plan area to the rear of the ground floor with access from the snug to the rear garden. The dining room has access to the conservatory, which also provides access to the rear garden. The utility room is located alongside the kitchen, converted from an original attached garage.

On the first floor, the master bedroom suite has a dual-aspect with views across the garden to the rear and the wooded escarpment of Shipton Wood beyond and features built-in wardrobe storage and an adjoining ensuite shower room. There are three further double bedrooms, all featuring built-in wardrobe storage. The rear garden adjacent to the property has a patio area the wraps around both sides of the conservatory with gated side access to the front of the property. A footbridge crosses the River Bourne to the large garden area, mainly laid to lawn with mature flower and shrub beds, mature hedging and trees. A paved path leads to one of two summerhouses, one with a power supply and a garden shed. The size of the plot, taking in the large garden area, totals one third of an acre.
