CREATED FOR THAT SENSE OF ARRIVAL

From the moment you set eyes on your dream Bewley home you will notice our hallmark quality which makes it a joy to create your own unique style throughout.

At Bewley Homes we pride ourselves on attention to detail. The elevations of each home have been designed to create an appealing street scene and a true sense of arrival. By using a variety of brick colours and treatments, and adding feature details, our architects ensure that character is built in. This means a new Bewley home offers the very best of both worlds: the latest

in building design technology combined with features previously only associated with more traditional properties. Our customers tell us that having considered a second-hand home against new, a Bewley home exceeds all expectation and meets their desire for flexible living in low maintenance homes and well-planned space.

“The Bewley sales team could not have been more helpful and communicative. We spend a lot of time being uncontactable due to our jobs, but the staff were fantastic at working around this and developed a great rapport with us. So much so, that the buying process was a pleasure and not at all stressful!”
