Originally constructed in the late 1970's this traditional home is set in a lovely location backing onto woodland in the heart of Warsash Village. Amongst its many benefits are four good size bedrooms, spacious ground floor accommodation, a south facing garden backing onto woodland and plenty of parking plus garage. The bathroom and cloakroom have recently been upgraded and a boiler installed approximately five years ago. The property offers more than 1300 sq ft of living area and offers some of the best value available in the price range.

Rossan Avenue is located about half a mile from the centre of the village and would be ideal for a young family looking to get children into the nearby Hook-with-Warsash Junior School, one of the most popular in the area. There are some beautiful coastal and countryside walks literally on the doorstep. The village has some good local shops and restaurants alongside plenty of other amenities. The M27 is about a three-mile drive. There is also more comprehensive shopping available at the Locks Heath centre which is about a mile distance.

In summary a great family home on the fringe of countryside yet close to schools and all the amenities for modern living.
