Area

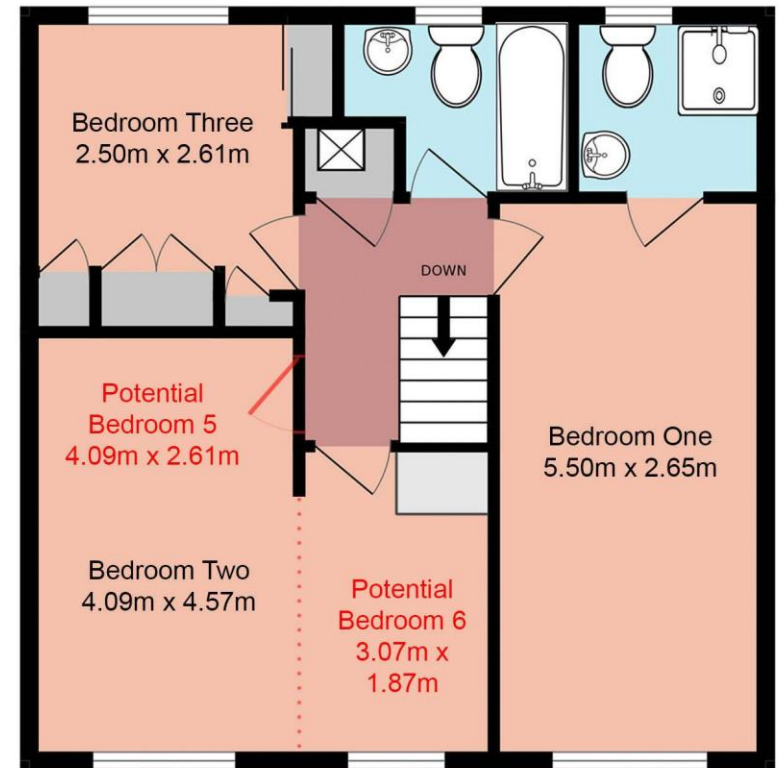

Marchwood is a village situated on the Eastern edge of the New Forest National Park. The village lies between the towns of Totton and Hythe on the Western shore of Southampton Water. The community expanded rapidly during the 1980's with the development of many new homes.

The older parts of the village retain its character with some of the original homes and properties still remaining. Locally there are both infant and junior schools, small shops and a doctor's surgery. The larger commercial centre of Southampton is approximately 7 miles away via the A326/A33.
