DESCRIPTION

Occupying a position at the end of a quiet cul-de-sac, this unmodernised 1930s detached bungalow represents a true "blank canvas" for both owner occupiers and developers.

The property extends to approximately 1,055 sq. ft. and now requires a program of modernisation and refurbishment throughout.

The bungalow is well positioned within a plot of 0.373 acres, featuring a side frontage of about 325 feet that directly borders open fields, providing an exceptional, uninterrupted rural outlook. The grounds have recently undergone significant professional clearance to reveal their true scale.

There is established precedent in the road for the significant enlargement of original bungalows.

Subject to obtaining any necessary planning consents, the generous width and depth of this plot provide ample scope for a substantial wraparound extension plus additional roof space accommodation.
