### A WORD FROM THE OWNERS...

"We absolutely adore our flat, and wouldn't be considering selling unless we didn't want to move to be closer to family. It's a large size for a one-bed property, and because everything is so new and efficient, we haven't had any issues. It stays warm during the winter, heating (under floor heating) and hot water is very reasonable, and because it's south facing we get amazing light in through the floor-to-ceiling windows. We've made it our own, by painting feature walls in the living room and bedroom, and installed a kitchen splashback to give it character, but there are many possibilities and a potential buyer could also put their own stamp onto it. It's served as a home office for two people with no problems, and the amazing soundproofing still impresses us. The fact we could buy a secure underground parking space as well was invaluable to us when deciding to purchase. We've lived in this area for 8 years because we love it so much. It has a lovely family-feel to it, and we love taking advantage of the nearby cafes and pubs, as well as the beautiful walks and close proximity to parks such as Bartlett Park, Mile End Park and Victoria Park. It's also walking distance to Canary Wharf, and our absolute favourite long walk is to Tower Bridge and back, following the Thames Path. Being so close to the DLR station is incredibly convenient in terms of connectivity to places such as Canary Wharf and Stratford, and it's only a 10 minute walk to Bromley By Bow underground station. We find living a five minute walk from Tesco Express super convenient, but there's also a Tesco Superstore a five minute drive or 15 minute walk away. There are plenty of other local shops (Sainsbury's Local for example) but these are the ones we visit most. There are also multiple gyms within walking distance."
