Make your way up through the front garden, which is mostly laid to lawn and sheltered by mature hedges, and features a small seating area; a perfect spot to enjoy your morning coffee. The sunny entrance porch welcomes you in to the property. Kick off your muddy walking boots and come and relax in the spacious open plan living room, with lovely views from the large sash window out to the Langdale fells and the River Brathay trickling past. With space for a dining suite, this room provides a great place to entertain guests.

Just off from the living space is the well-appointed kitchen, complete with wood-effect laminate flooring and countertops, cream wall and base units and part-tiled walls. Make use of the multiple top end appliances, including integrated Bosch oven and 4 ring induction hob, with Whirlpool extractor hood over, Bosch under-counter fridge and full dishwasher. Washing the dishes will be a treat for any keen birdwatcher, as the window above inset sink and drainer looks out to the forested area behind the property; always busy with birds!

A charming spiral staircase takes you up to the first floor, which comprises of two bedrooms and the family bathroom. A useful storage cupboard can also be found on the landing, before you come to bedroom one. This large double bedroom enjoys charming views over the tranquil front garden, river, woodland and Langdale fells, from the generous sash window. A large built-in wardrobe with double doors creates lots of extra storage space. Next door, bedroom two is currently a twin bedroom, with the same lovely views as bedroom one, and enjoying plenty of natural light from the large window. The room also includes a built-in storage cupboard.

Lastly on the first floor is the family bathroom, with laminate flooring and partially tiled walls, and looking out to the woods behind the property. The bathroom comprises a p-shaped bath with rainfall shower and additional handheld shower over, pedestal wash hand basin, WC, and chrome heated towel rail. The bathroom cupboard houses an immersion heater & water tank, and would be ideal as an airing cupboard.

Heading back down the spiral staircase, you can access the lower ground floor, and catch a glimpse of the woodland through the window on the way down to the third bedroom and garage. Bedroom 3 currently houses bunk beds, but could be used as a single room, or a home office, with a cupboard for the air source heating system. The large integral garage provides great storage and utility space, houses a Tesla battery, and has space and plumbing for a washing machine. The back door leads out to the rear parking area, with an EV charger, and covered rear porch space, which looks out to the serene woods behind.
