DESCRIPTION

This well-positioned one-bedroom apartment is situated on the third floor of a purpose-built retirement development in the heart of Filey. Built by the reputable McCarthy and Stone in the late 1980s, the property has been designed to provide comfortable and convenient living. Its central location offers easy access to the town centre, local shops, medical facilities, and both bus and train services.

Entry to the apartment is via a secure intercom system leading into the communal entrance and residents' lounge. A lift and staircase provide access to the third floor, where the apartment has its own private entrance.

The entrance hall benefits from a fitted storage cupboard, which could also be used as a useful utility space. The generous lounge features a large double-glazed window providing plenty of natural light, along with an electric fire and surround. An open archway leads into the kitchen, which is fitted with a stainless steel sink and drainer, base units with coordinating work surfaces, matching wall cupboards, a built-in oven, electric hob with extractor hood and space for a tall fridge freezer.

The double bedroom includes built-in wardrobes, providing useful storage, while the shower room is fitted with a corner shower unit, hand basin and WC.

Residents have access to well-maintained communal gardens, a shared lounge and a laundrette. On-site parking is available, subject to availability. Additional benefits include double glazing and electric night storage heating.

With its practical accommodation, central location and range of communal facilities, this apartment offers an ideal retirement home. Early viewing is highly recommended.
