# 33 Harrys Way, Faygate, West Sussex, RH12 0DT

A beautifully presented three bedroom semi detached home, located in the popular development of Kilnwood Vale in Faygate. Built to exacting standards by Crest Nicholson in 2022, this high specification property has been further improved by the current owners with a thoughtfully landscaped garden, and tasteful interior improvements throughout that have transformed the original blank canvas into a truly individual home. Situated near the edge of the development, the property is easily accessed, whilst also having plenty of green space around it, enjoying a particularly good degree of privacy to the rear. The accommodation comprises an entrance hall, a cloakroom, an open plan kitchen/dining room, and a sitting room with French doors opening to the south-west facing garden making up the ground floor. On the first floor there are three bedrooms, an ensuite shower room to the principal bedroom, and a family bathroom. Finally, there is an adjacent driveway which provides two off road parking spaces and has an EV charger, in addition to multiple visitors bays nearby.

**Location:** Kilnwood Vale offers a wide range of local services, including a new primary school, excellent public transport links including the metrobus and direct buses to Gatwick 24 hours a day and easy access to the A264/M23 with Gatwick less than 10 miles away. As well as being very well connected, the development will enjoy around 140 acres of open space once complete, with most areas available for residents to enjoy now, including a community green, neighbourhood park and sports areas, in addition to footpaths, cycle paths, woods and bridleways. A neighbourhood centre is currently under construction, and within walking distance also lies the award winning Buchan Country Park.

The accommodation comprises:

## OUTSIDE

To the rear of the property, the garden is a particular highlight, having been thoughtfully landscaped by the current owners, and enjoying a sunny south-westerly aspect and a surprisingly good degree of privacy. An Indian sandstone paved patio provides an ideal space for outdoor entertaining, with steps leading down to a side access gate and timber shed. An area of lawn leads to a raised decking area, with a further decked space to the rear of the shed, ideal for barbecues. The garden is complemented by raised-border planting with mature shrubs and established trees.
