IF YOU LIVED HERE...

You would step through your own front door and into a carefully arranged layout unfolding across the ground floor. The living space is beautifully bright, with generous windows drawing in natural light and highlighting the well judged proportions. Original features bring a sense of history and texture, adding character and charm to everyday living.

The kitchen sits to the rear, offering a practical and considered space designed with day to day life in mind. Clean finishes and a neutral palette keep the atmosphere calm and understated, while the flow between rooms feels easy and intuitive. The bedroom is a peaceful double, softly lit and inviting, with ample room for storage and quiet mornings.

Being on the ground floor, there's a lovely sense of connection to the outside. Whether it's the subtle greenery glimpsed from the windows or simply the ease of access, the home feels both grounded and private. Beautifully maintained and ready to move

into, it's easy to imagine settling straight in.

WHAT ELSE?

- Walthamstow Wetlands is close by, offering miles of walking and cycling routes through open water and wide skies.
- Blackhorse Road Station is moments away for the Victoria line and Overground, placing central London within easy reach.
- St James Street Station is a short walk, ideal for connections towards Liverpool Street.
- The independent cafes, breweries and creative spaces around Blackhorse Lane add colour and community to weekends close to home.

A WORD FROM THE EXPERT...

"I love living in Walthamstow – it's got such a great mix of things going on. Saturdays are my favourite, with the market in Lloyd Park full of fresh food, handmade bits, and plenty of friendly faces. The new Soho Theatre has brought amazing shows right to our doorstep, and if I fancy a pint, the Blackhorse Beer Mile breweries are perfect for a wander. When I need some fresh air, the Walthamstow Wetlands are just a short stroll away – all that greenery makes you completely forget you're in London. Plus, with brilliant transport links, it's so easy to hop on the Tube or Overground and be in Central London in no time at all".
