Description

Stunning 1930's traditionally designed detached residence with substantial parking and a detached double garage. Extended to create this substantial family home, measuring just under 2,000 sq ft. Located in this delightful tree lined cul de sac, thought of as being the most sought after in the borough of Maidstone. Built by the renowned master builders Clarke & Epps and subsequently extended. Set amidst a third of an acre plot, inclined to the south west, a horticulturalist's dream! With extensive lawns and swathes of colour from the deep herbacious borders, flanked by mature trees creating seclusion. The present owners have been in occupation for over 40 years and have thoroughly enjoyed both the house and gardens. Viewing is a must, this could be the forever home of your dreams!

Location

Situated in this highly sought after and well established residential position, a stones throw from Penenden Heath which itself has great links with the past, being an original Saxon meeting point. Today Penenden Heath is a sought after northern suburb of the County town with it's own distinct character, many of the properties built in the 1930's. There is a parade of shops which provides for eveyday needs together with recreational facilities on the Heath including tennis, bowls, together with numerous countryside walks and a children's play area. There are a selection of pre-schools in the area and the local Sandling School being within a quarter of a mile caters for infants and juniors. Maidstone town centre is some one mile distant and offers a more comprehensive selection of amenities including the recently opened Fremlins Walk shopping area, two museums, theatre, county library and two railway stations connected to London. The M20/M2/M25 and M26 motorways are also close by and offer direct vehicular access to both London and the Channel Ports. Mote Park is within one mile and 900 acres, boating lake, leisure centre and swimming pool. There are a wider selection of schools in and around the town centre for older children.
