amos

Discover an outstanding opportunity to acquire a fully equipped **Greek restaurant**, perfectly positioned in a densely populated area on the outskirts of Southend-On-Sea. The premises offer a fantastic foundation for a new owner to inject fresh, dynamic energy. Step inside and immediately appreciate the inviting atmosphere of this well-appointed restaurant. The interior comfortably accommodates 24 covers, providing an intimate and welcoming dining experience for patrons. Beyond the main dining area, the property benefits from additional al-fresco outside space.

One of the most significant advantages of this offering is the inclusion of high-quality, fully operational commercial kitchen equipment. This means a seamless transition for the new owner, eliminating the substantial initial investment typically associated with fitting out a restaurant from scratch. As an example, our client has spent **£75,000** on this project to date. This business presents **huge potential** under new, dynamic ownership. The current setup is robust, but there is ample scope for a visionary entrepreneur to introduce new menus, extend opening hours, or enhance marketing efforts to further capitalise on the strong local demand. The location and low rent are a key asset, situated within a thriving community that ensures a consistent flow of potential customers.
