QUEBEC ROAD, TILBURY – THREE BEDROOMS, A BIG BRIGHT LOUNGE & A GARDEN READY FOR SUMMER

Looking for three bedrooms without sacrificing your living space?

Quebec Road might have something to say about that.

This three-bedroom mid-terrace home in Tilbury offers a surprisingly generous layout, a huge lounge window, modern kitchen, private front and rear gardens and three genuinely useful bedrooms.

In other words, there's plenty of room to actually live here.

COME ON IN...

Step through the front door and you're welcomed into the entrance hallway, with stairs leading to the first floor and a handy storage cupboard.

Because every home needs somewhere to hide the coats, shoes, vacuum cleaner and approximately 47 reusable shopping bags we all seem to own.

From here, we move into one of our favourite rooms in the house...

NOW THAT'S A LOUNGE

Measuring approximately 4.4m x 3.6m, the lounge gives you plenty of room to spread out.

Big sofa? Absolutely.

Dining table? There's room to play with.

Friday night takeaway and an unnecessarily large television? We're certainly not judging.

But the real star of the show is that huge window.

It allows loads of natural light to flood into the room, creating a bright and welcoming living space that feels every bit as generous as the measurements suggest.

Whether it's family movie nights, entertaining friends or simply putting your feet up after a long day, this is a room that's ready for real life.

A KITCHEN WITH A MODERN TOUCH

Next up is the modern kitchen, measuring approximately 3.0m x 1.7m and finished with attractive marble-effect worktops.

Smart, practical and contemporary, it gives you everything you need without trying too hard.

There's also direct access outside, which becomes particularly useful when BBQ season arrives and nobody wants to carry plates through the entire house.

AND THE BATHROOM?

Also located on the ground floor is the family bathroom, finished with stylish marble-effect flooring and comprising a bath, wash basin and WC.

The downstairs position also means the entire first floor can concentrate on something rather important...

Bedrooms. Three of them, in fact.

UPSTAIRS WE GO...

And this is where the layout really starts earning its keep.
