Gardens

A corner plot with a large wrap-around garden offers a rare blend of space, privacy, and curb appeal. Positioned at the end of the street, the property benefits from additional frontage and a more open aspect, allowing natural light to flow in from multiple directions. The expansive wrap-around garden creates a sense of seclusion, ideal for outdoor entertaining, family activities, or simply enjoying a peaceful setting. With generous landscaped zones, and room for extension (subject to planning), this type of plot is highly versatile.

Parking

The property further benefits from ample parking for several vehicles, making it ideal for families or those who frequently host guests. A detached garage provides secure storage or potential for a workshop, while the generous driveway ensures convenient off-road parking without compromising the garden space.
