Corner Cottage & The Old Watchmaker's Shop | Cropton

Corner Cottages offers a unique opportunity to purchase a pair of traditional stone built Grade II listed cottages together which are situated in the picturesque village of Cropton which lies in the heart of the North York Moors National Park.

The cottages date back to the late 18th Century and offer character accommodation on two floors which have been upgraded to a good standard over recent years providing distinctive properties whilst retaining many internal features.

The cottages have been successfully run as holiday lets achieving high occupancy levels, this offers great potential for anyone seeking this type of property or for multigenerational living.

In addition to the versatile accommodation on offer the properties enjoy good sized gardens and parking and lie on the southern outskirts of the village where there is renowned village inn, church and active community village hall.

Cropton lies approximately 5 miles from the market town of Pickering where a good range of local amenities and recreational facilities can be found; the moors are on the doorstep, coastal towns of Whitby and beyond are within an easy driving distance and the city of York lies approximately 30 miles to the South.

Guide Price £500,000
