A wonderful two-bedroom ground floor apartment in the highly regarded Beech Building, built by the Hill Group in 2019 and comprising over 900 sq ft. The property benefits from its own private access, underground parking and no onward chain.

Upon entry, there is a welcoming hallway set behind a frosted glass entrance, allowing natural light to flow into the space. There are also two large storage cupboards, providing excellent storage, with one currently used as a utility room.

Leading through the property, the first bedroom is a spacious double with a dual aspect and large windows, giving the room a bright and airy feel. Opposite is the modern family bathroom, comprising a shower over the bath, WC, basin and heated towel rail. Recessed storage and stylish tiling around the shower area further enhance the high-quality finish.

The kitchen and living space is open plan, creating an impressive and sociable heart to the home. The kitchen is finished with sleek units and integrated appliances, including a tall fridge freezer, induction hob, dishwasher and undermount sink, giving the space a clean and seamless finish. The room offers plenty of space for both living and dining, while large

windows, an off-square layout and above-standard ceiling heights make it feel particularly spacious and unique.

The principal bedroom is positioned towards the rear of the property and is the larger of the two doubles. It benefits from fitted wardrobes and an en-suite shower room, completed to the same high specification as the family bathroom. With two aspects and three large windows, the room enjoys excellent natural light.

The property also benefits from a private outdoor terrace, underfloor heating throughout and, thanks to the privacy of its own entrance, offers a rare opportunity to acquire a ground floor apartment of this nature in the ever-developing Eddington.

Just moments from the highly regarded Cambridge University Primary School, Sainsbury's and the wide range of Eddington amenities, the property is perfectly suited to those looking for modern, high-quality living with excellent access both into and out of the city.
