Ground Floor:

An entrance porch opens into a welcoming hallway which immediately reflects the character of the property. Attractive wood-effect Camaro vinyl flooring flows through the hallway and continues seamlessly into the family room and kitchen/dining area, creating an excellent sense of continuity throughout the ground floor. Stairs rise to the first floor with a useful storage cupboard beneath, whilst doors provide access to the principal accommodation. Positioned to the front of the property, the lounge is a beautifully proportioned reception room retaining charming period features, including a striking curved bay window and picture rails, both synonymous with homes of this era. There is ample space for a variety of seating arrangements, creating a comfortable and elegant room in which to relax. The family room offers further versatile living space and centres around an attractive gas fireplace, creating a welcoming focal point. With ample room for a variety of furniture, this is an ideal everyday living space and, being open to the kitchen/dining room, forms the heart of the home for modern family life. Occupying the rear extension, the kitchen/dining room has been thoughtfully refitted with a stylish range of shaker-style wall and base units complemented by generous work surfaces. Integrated appliances include a double oven and hob with extractor hood above, whilst spaces are provided for further appliances. Three Velux windows flood the room with natural light, enhancing the sense of space, while a double glazed door opens directly onto the raised patio, creating a seamless connection between the home and garden and making the room ideal for entertaining. Completing the ground floor is an exceptionally spacious family bathroom, fitted with a five-piece suite comprising a low level WC, bidet, wash hand basin, corner bath and separate shower cubicle. Finished with tiling to the water-sensitive areas, the room provides a practical yet luxurious addition to the home. A cupboard houses the central heating boiler.

First Floor:

The first floor landing provides loft access and leads to three well-proportioned bedrooms together with the shower room. The master bedroom is a generous double room positioned to the front of the property, enjoying the character and natural light provided by a beautiful curved bay window. Bedroom two overlooks the rear garden and offers excellent proportions, together with the added benefit of a substantial built-in storage cupboard. Bedroom three is a good sized room overlooking the rear aspect, making it ideal as a guest bedroom, nursery or home office, as required. The first floor shower room has been stylishly refitted with a contemporary three-piece suite comprising a low level WC, wash hand basin and shower cubicle, providing excellent convenience for family living. The loft itself is boarded and there are two opening skylights which introduce natural light.

Outside:

To the front of the property, an extensive block paved driveway provides valuable off-road parking for three vehicles and continues along the side of the house. Parking is a genuine rarity in this part of Leighton Buzzard, making this an especially desirable feature. The rear garden has been thoughtfully landscaped to create an attractive and low-maintenance outdoor environment. Immediately adjoining the house is a raised paved patio, providing an excellent space for outdoor dining and entertaining, bordered by an established apple tree and a variety of mature shrubs which add colour and character throughout the seasons. The remainder of the garden has been attractively finished with paved and shingled areas, offering ease of maintenance whilst retaining a pleasant and inviting atmosphere. A former garage has been adapted to create a substantial workshop, ideal for hobbies, DIY projects or additional storage, whilst two further sheds positioned at the rear of the garden provide excellent practical storage for gardening equipment and outdoor furniture.
