**A quirky, double fronted, character cottage set in an elevated position which takes in a lovely far-reaching open aspect across Pickering town.**

1 Castle Road sits in the heart of the town but is tucked away from the hustle and bustle of the Market Place. Originally a pair of cottages, the property has been in the same hands for over 50 years and has been well cared throughout but now offers a huge amount of potential for updating. The old layout of two separate cottages remains, providing the cottage with three reception rooms and a breakfast kitchen. To the first floor there are three bedrooms and a bathroom with a separate storage area. In all 1,052 square feet.

The cottage sits well up from Castle Road and overlooks the NYM steam railway line and looks out across the town. The cottage faces west and has an especially light and sunny outlook with attractive, well-established gardens to the front and rear, including a useful storage shed at the rear.

Pickering is a bustling market town, famous for its castle and steam railway, and located on the southern boundary of the North York Moors National Park and close to the heritage coastline. The town offers a wide range of amenities, including primary and secondary school, sport centre, restaurants, public houses and an array of retailers. Castle Road is a short street, located just off the hill leading down from the Castle to Undercliffe.
