Mikaela says:

“I can see so much potential in this home. The area is quiet and peaceful and you're within walking distance to everything Etwall village has to offer. Set back from the road, there's driveway parking for two cars as well as a front garden, something you don't always find anymore!”

Inside, the layout works really well for everyday living. The spacious living/dining room runs from the front right through to the back of the house, creating a bright and versatile main living space. At the rear, the kitchen is a good size with direct access out to the garden, while the large hallway storage cupboard is perfect for coats, shoes and all the bits you want tucked away.

Upstairs, there are two really good-sized double bedrooms, a comfortable single bedroom and a practical setup with the bathroom and separate WC split across two rooms.

The garden is undoubtedly the standout feature here. Larger than you might expect, it feels private and established thanks to the mature trees and planting, with plenty of space for seating areas, children's play equipment, gardening or even a large shed or workshop. There are even two further outhouses for storage!

Overall, a home with lots of potential, great outdoor space and well-proportioned rooms!”

This fantastic family home is walking distance to local amenities

A message from the seller:

"This was my family home for 27 years it's where I grew up.

I have many happy memories of growing up in the village from spending time fishing at the brook to attending both the primary and secondary school. I was able to walk to school, play in the nearby park and when I got older frequent the pubs.

It's time to sell the house as I have now lived in the Isle of Mull for 5 years with my own family and it's time to let it go".
