DESCRIPTION

This simply magnificent, detached family home dates, we understand, to 1865, and has been a cherished home to our clients for over 20 years. During their ownership, the house has been restored, refurbished and extended to an exceptional standard, with incredibly high attention to detail, including a new roof (2015), external redecoration (2024), a new boiler (2021) and, over the course of their tenure, a programme of total internal refurbishment and decoration, including flooring, carpets, central heating and wiring, as well as new kitchen and bathroom fixtures, giving any new owner complete peace of mind. Internally, the house is characterised by large, bright, detailed rooms, comprising four large double bedrooms, three bathrooms and four reception rooms, totalling some 3,150 sq.ft. Externally, the southwest-facing gardens are breathtaking and have been equally meticulously planned and arranged to offer some truly beautiful and colourful outdoor space with incredible breadth of appeal. Finally, this standout home benefits from high energy efficiency, with a C-rated EPC, and is offered with no onward chain.

ACCOMMODATION

Throughout the house, there is an array of character touches and period features, including double glazed hard wood and stained glass windows, detailed architraves, high skirting, dado rails, numerous fireplaces and built-in cupboards, detailed coving and ornate ceiling roses, and an original mosaic-tiled floor. An open storm porch leads through a tiled vestibule into a beautiful, central reception hallway, from where the ground-floor accommodation can be summarised as follows: a warm and comfortable principal sitting room focused around a black marble fireplace housing a multi-fuel stove, with a French door out to the garden; a graceful, bay-fronted dining room with original display cabinets, featuring a cast iron fireplace with a marble surround; a dedicated study with its own cast iron fireplace and a bay window overlooking the gardens; the very well-equipped kitchen; an adjacent breakfast room looking over the front garden, complete with a walk-in pantry; a utility/boot room providing covered external access out to the gardens, and; a cloakroom.

The kitchen units encompass an excellent range of cupboards and cabinets with black granite worktops, incorporating a double ceramic sink with drainer grooves and space below for a dishwasher, plus a matching island housing a four-ring NEFF induction hob and double electric ovens beneath, plus a built-in wine rack. Additionally, there is a three-oven gas Aga with dual hot plates, and space for an American-style fridge-freezer.

On the first floor are four very generous double bedrooms, including the master, which overlooks the rear gardens through a bay window, is equipped with extensive fitted wardrobe space and is served by a very tasteful en-suite shower room with a "his and hers" double vanity unit. Off the half-landing is a standalone family bathroom with both a freestanding slipper bath and a corner electric shower, and a further standalone shower room with a tiled, mains-fed corner shower enclosure.

OUTSIDE

The house is approached through a pillared, gated drive into a gravelled parking and turning area for several vehicles, flanked by well-stocked borders featuring an array of specimen and colourful flowering shrubs, including several Japanese acers and camellias. Within the drive is a detached double garage with twin up-and-over doors, plus power and lighting, behind which are a sizeable log store and a pent shed.

The house's rear gardens extend away to the southwest of the house and have been beautifully kept and arranged, and thoughtfully planted with incredible variety and colour. Immediately at the rear of the house is a paved sun terrace with steps leading down to the principal lawn, which has some extremely colourful and well-kept shrubs around its perimeter, including mature rhododendrons. A timber pergola, adorned with wisteria, leads down to the middle and lower gardens, which are arranged with a number of raised vegetable planters, several apple and cherry trees, plus a greenhouse, several rainwater butts and a timber tool shed. Further still, the lower garden is set to lawn but could, for example, be adapted as a small paddock for domestic livestock, rewilded, or planted as an orchard.
