room, offering further flexibility.

Occupying a generous plot, the property benefits from a rear garden featuring a covered paved seating area, with the paving extending to create a large patio. Beyond this are decking and an artificial lawn, providing a low-maintenance outdoor space.

A particular feature of the property is the substantial garden room, measuring approximately 4.8m x 4.6m, which has previously been used as a workshop, family room and games room.

We understand there is side access to the rear of the property via the side of the neighbouring property which leads to a room where the garage door has been replaced with fixed wood. This could be relatively easily altered to reinstate as a garage.
