Property Introduction

Built in the mid 1970s, this terraced stone fronted cottage style property is offered for sale with no onward chain.

Ideal as first home or for those looking for country living without being isolated, there are two double sized bedrooms and a bathroom on the first floor. The front door opens to a vestibule which gives access to a generous lounge with wood flooring and from here there is a well appointed kitchen/dining room which again features wood flooring.

Heating is provided by electric storage heaters and there is uPVC double glazing.

To the outside, one will find an attractive cottage style garden with a patio to the front whilst across the access lane there is a detached garage and workshop with a further garden to the rear which the vendor informs us is approximately a quarter of an acre although this has not been measured.
