Maps
Coal Mining

This map displays nearby coal mine entrances and their classifications.

Mine Entry

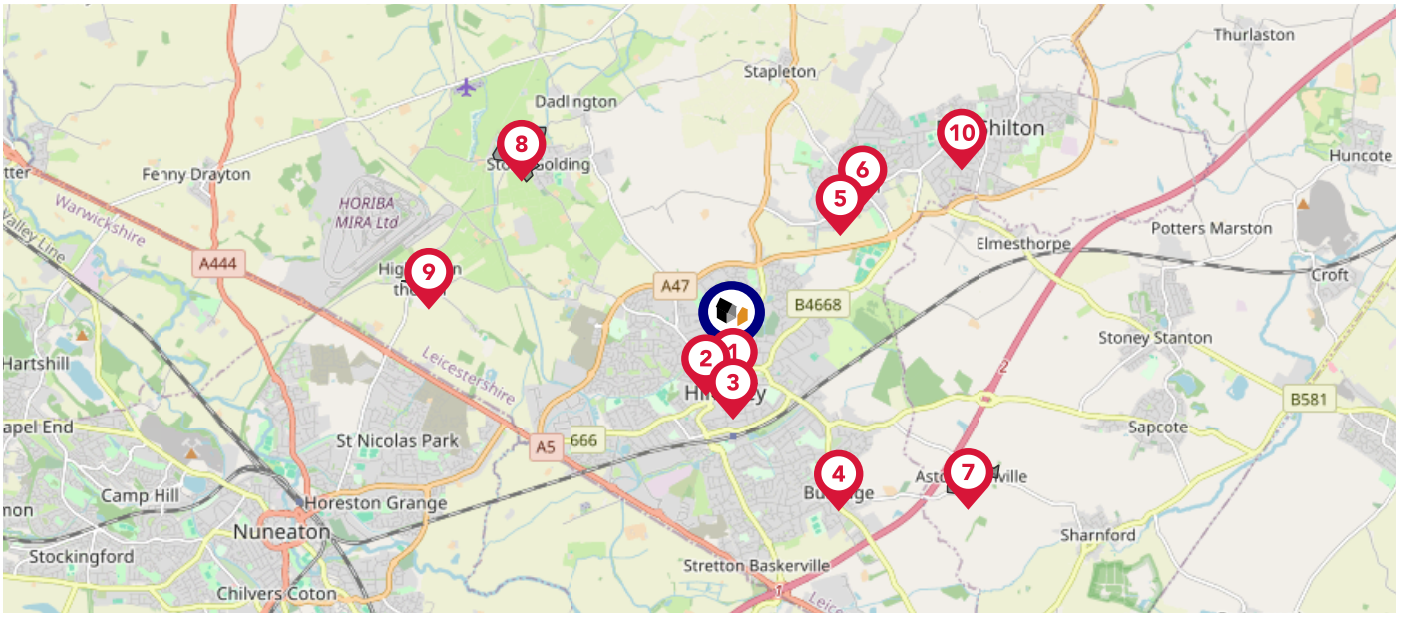

- Adit
- Gutter Pit
- Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Maps
Rail Noise

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

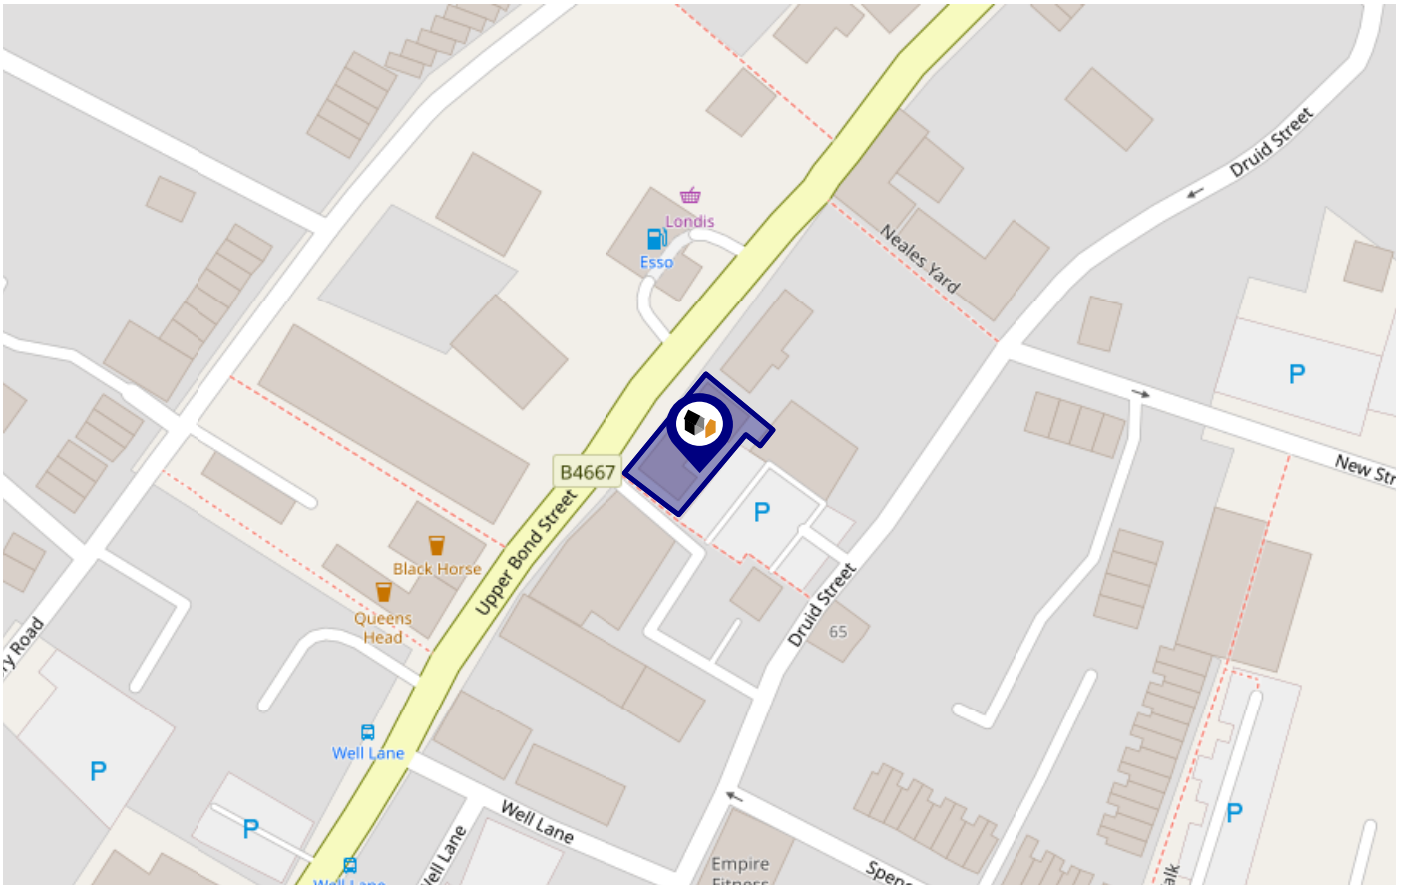

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5	75.0+ dB	
4	70.0-74.9 dB	
3	65.0-69.9 dB	
2	60.0-64.9 dB	
1	55.0-59.9 dB

Environment
Radon Gas

What is Radon?

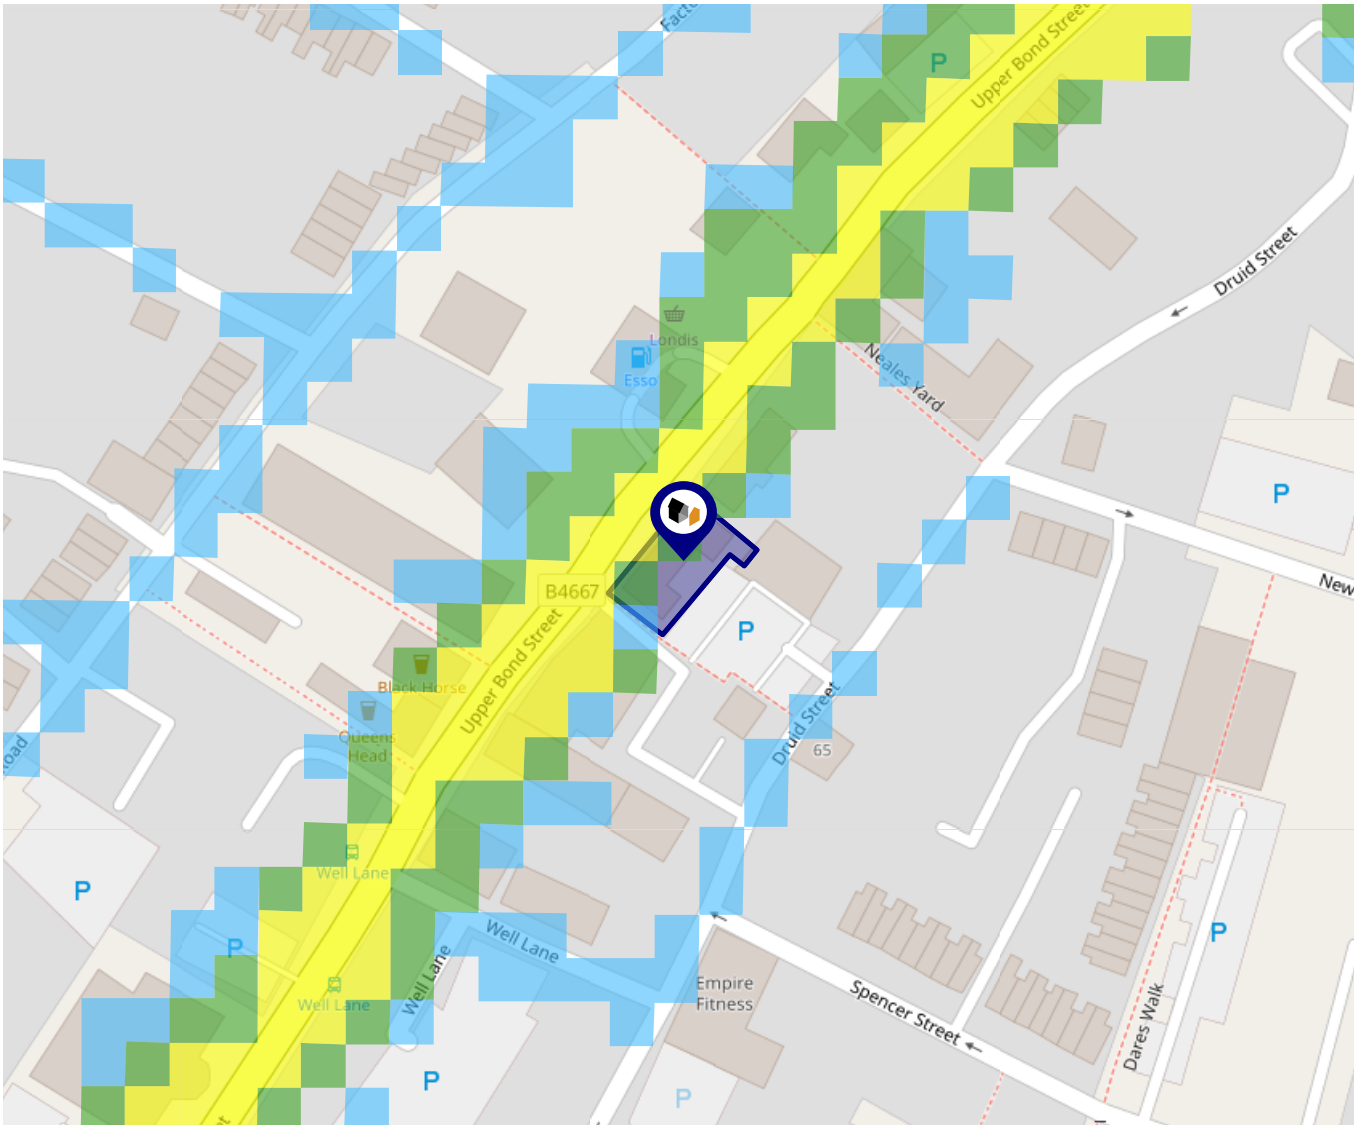

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m3).

Testimonials

Testimonial 1

Martin & co were great for me in the purchase of my home. Janet in particular was amazing and really went above and beyond in getting my purchase done in time to beat the rise in stamp duty. Completed for me inside 6 weeks of the original listing. Highly recommend.

Testimonial 2

Definitely recommend Martin and Co in Hinckley. I sold my flat through them. Service second to none. Excellent communication especially Jan. Thank you very much.

Testimonial 3

Currently purchasing through Martin and Co and Mark and Jan have both been amazing, really helpful, full communication at all times with fast responses and very friendly which makes the process much easier. Would recommend!

Testimonial 4

Fantastic service when purchasing a property. Friendly staff and went the extra mile during tricky negotiations also very efficient on moving day. Will use them again.
