DESCRIPTION

Court Mill Barn is an attractive, detached hamstone barn set beneath a tiled roof. The property offers light, airy and well-proportioned accommodation, including a ground-floor bedroom with en-suite facilities, together with three first-floor bedrooms and a family bathroom. The ground floor comprises an impressive vaulted entrance hall, cloakroom, sitting room, study, and a superb handcrafted kitchen. This flows seamlessly into the adjoining garden room/dining room, which benefits from a vaulted ceiling and delightful views over the garden. A particularly useful utility room completes the accommodation. Outside, the property enjoys two garages, along with ample parking to the front and side.

From the sitting room, glazed French doors open into the garden room/dining room—a superb, light-filled space with an insulated vaulted ceiling, exposed timbers and windows on three aspects, including two glazed doors providing direct access to the garden. The room also benefits from a central log burner and attractive stone-tiled flooring. A wide opening leads through to the beautifully fitted kitchen which is equipped with a 1 1/2 bowl stainless steel sink with mixer tap, granite worktops, and a comprehensive range of floor and wall-mounted cupboards and drawers. There is space for a range-style cooker with ceiling-mounted extractor over, a built-in fridge, and space for a dishwasher. An attractive wooden breakfast bar completes the space, with windows overlooking the entrance hall. A rear hall leads to the utility room, which includes a sink, wooden worktop with cupboard and drawer beneath, extensive built-in shelving, space and plumbing for a washing machine, and space for a fridge/freezer. A wall-mounted Vaillant gas boiler is also located here.

OUTSIDE

Court Mill Lane is a private lane owned by Court Mill Barn and seven neighbouring properties, who all enjoy rights of way with shared responsibility for maintenance. The lane leads directly to Court Mill Barn, where there is off-road parking to the front, together with a pair of single garages fitted with metal up-and-over doors and connected to power and lighting. To the front of the barn is a gravelled garden designed for ease of maintenance, complemented by a raised planting bed featuring an attractive climbing rose against the front elevation. To one side of the property is a concrete hardstanding area providing additional parking and space for a trailer or similar, alongside a lean-to greenhouse. The air-conditioning unit is discreetly located beyond this area. A picket gate opens into the rear garden, which is laid predominantly to lawn and bounded by a gently flowing brook. The garden is well stocked with attractive flower and shrub borders, a fine selection of mature trees, and a large sun terrace ideal for outdoor entertaining. There is also a particularly useful workshop/potting shed/studio, fully connected with power and lighting. A timber bridge crosses the brook, leading to a larger secondary garden area laid mainly to lawn, with raised vegetable beds and further established trees. This area is enclosed by post-and-rail fencing and adjoins open farmland, enjoying a delightful rural outlook. In total, the grounds extend to approximately half an acre.
