SETTING THE SCENE

The property is found in a private and tucked away section of charming cottages with a shared lawn frontage creating a private haven at the front of the home. Towards the very end of the terrace of houses, a front door is complemented by a low maintenance planted frontage which gives way to the front door.

THE GRAND TOUR

Once inside, the generously sized open plan sitting and dining area is the first place to greet you where initially carpeted flooring leaves more than enough room for a sitting room suite in front of a feature red brick fireplace complete with tiled hearth and solid wooden mantle currently housing a cast iron wood burning fire and uPVC double glazed windows sit towards the front of the room allowing natural light to flood the space. To the rear of this 20' living space sits a second window granting a dual facing aspect where the flooring opens to leave more than enough room for a formal dining table. Through from here the kitchen sits towards the rear of the home with a mixture of wall and base mounted storage units, complemented by tiled splashbacks with space remaining with plumbing for freestanding white goods and appliances. From the kitchen, stairs for the first floor can be found leading back towards the front of the home whilst a second lobby grants access into the rear garden with the three piece family bathroom suite at the very back of the home featuring a tall heated towel rail, vanity storage and frosted glass window.

The first floor landing splits in each direction to take you into each of the double bedrooms with the slightly smaller coming immediately to your right yet being more than large enough to host a double bed with additional soft furnishings whilst the larger of the bedrooms sits towards the very front of the property with tall modern radiator, uPVC double glazed window and built in storage cupboard.
