Silver Birches, Henfield

**HAMLYN SMITH**

Set within the quiet, leafy close of Silver Birches, this remarkable home occupies a generous plot amidst mature oak trees and was built in the 1990s, as part of a select development of just eleven houses, each built to a unique design.

The main reception room is a superb space, over six metres wide, with windows overlooking the garden. A media wall has an integral LG television with soundbar. Underneath is a luxurious Ezee Glow Celestial living flame-effect electric fire. Sliding doors open directly to the garden, and the room is large enough to accommodate a formal dining table, although there is also ample space for dining in the kitchen, offering flexibility to suit your lifestyle.

The show-stopping kitchen is finished in white with Calacatta quartz countertops, and includes thoughtful lighting features such as baseboard spotlights and pendant lights above the island. The island houses a five-ring induction hob and a ceiling-flush Neff extractor hood. Cabinets beneath one side of the island provide storage, while the other side features a breakfast bar overhang for stools, creating a sociable setting where the cook is never left out.

Integrated appliances include a Bosch dishwasher, an AEG double oven, and an AEG combination microwave oven. There is also space for a large American-style fridge freezer. Storage is abundant, with two pull-out larder cupboards and soft-close drawers. A Monarch water softener is discreetly housed within a kitchen cupboard with the boiler. A Gledhill 150-litre unvented hot water cylinder is located in the loft. Additional features include a Samsung 'The Frame' TV connected to a Sky box and concealed in a data cupboard.

At the front of the house is a versatile room currently used as a treatment space. This could easily serve as a home office or be reconfigured as a utility room. A ground floor WC is accessed from the hallway, and the hallway also provides internal access to the garage, which includes a sink and countertop area.

The extensive rear garden is a true highlight, backing onto Sussex woodland with Woods Mill Nature Reserve just beyond. This tranquil setting attracts a variety of local wildlife, birds, and butterflies. Within the garden are three majestic oak trees that create a shaded canopy over part of the lawn, while closer to the house lies a landscaped area with a curved patio, which is perfect for outdoor dining. Additional trees and shrubs include an apple tree, a willow, a magnolia, and roses. Side access is available on both sides of the house.

Upstairs are five generously proportioned bedrooms. The principal bedroom suite spans the full depth of the house and includes a walk-in wardrobe and an elegant ensuite shower room with Silestone quartz tops and Wi-Fi-controlled underfloor heating system.

The remaining bedrooms all have built-in wardrobes. The largest of these, at the front of the house, is over five metres wide and the final three bedrooms are all spacious and light, with views over the garden. The main bathroom is fully tiled and includes both a bath and a separate shower with waterfall head, and also has Wi-Fi-controlled underfloor heating. Both bathrooms feature Geberit concealed cisterns.

Total area: approx. 211.4 sq. metres (2275.2 sq. feet)

Garage has been excluded from square meterage.
