This marvellous property offers super space and is ready to move straight into. Situated on the top floor of this purpose built building it is accessed off a landing with only one other property on, allowing a quieter and more private entrance. The internal hallway offers a spacious entrance with two cupboards offering excellent storage options. At the foot of the hall sits the open-plan living/dining room. This is a lovely space with a large window overlooking the front aspect, and opening into the separate kitchen at the rear. The kitchen is generous in size and hosts a wealth of cupboards and drawers under ample worktop space. The two bedrooms are both generously proportioned with the master benefitting from integrated storage. The bathroom completes the internal accommodation and is a white three piece suite comprising WC, wash hand basin and bath with shower over. Recent updates have included new window panes installed in the bathroom and living room (August 2025). There is further benefit of a private loft space accessed from the internal hallway that benefits from insulation. Externally the garage sits below the apartment and is a tandem garage with electrics and a water supply. The allocated parking sits in front of the garage.
