STEP INSIDE

5 Yarborough Road | £900,000 | Freehold

There is something very appealing about the symmetrical look of the property with the central doorway and double height bay windows to either side. On stepping through the door you are immediately impressed by the original features of the Victorian era, with high ceilings, impressive rooms with large windows, architraves, high skirting boards and fireplaces. This family home is a true example of a grand Victorian Villa which sits in a central conservation area in the heart of Southsea, yet within easy access of local shopping amenities, bus routes, the seafront and Victorian promenade as well as being within the 'Golden Triangle' of schools including Mayville, The High School and Grammar School. The Victorian design is very much based on grandeur with the wide central hallway with substantial rooms off, in order to appeal to the modern family living the 27' kitchen opens to the dining room and there is a 35' sitting room which has a dining area to one end providing natural light from both the east and west aspects, also on the ground floor is a separate study, utility room and cloakroom. The accommodation is spread over two floors to the front and three levels at the rear, there are five bedrooms on the first floor with a family bathroom, separate cloakroom and large en-suite / jack & jill shower room linking to the primary bedroom. On the upper floor are two further bedrooms, a cloakroom and shower room.

Recent improvements include the creation of a family room on the lower ground floor and of course the Victorian cellars and wine store. This superb home has some stripped wooden floors, tiled flooring, some double glazing, gas fired central heating, a walled westerly facing rear garden and benefits from having residents permit parking. Early internal viewing of this 3771 sq ft family home is strongly recommended in order to appreciate both the accommodation and location on offer.
