THE DWELLING

4 Church Street comprises a versatile mixed-use property in the heart of Ilchester, offering multiple dwellings requiring modernisation and some renovation, together with a yard, generous parking, and further development opportunity to build a bungalow within the grounds.

Vehicular/pedestrian access into the property is from Almshouse Lane, providing ample parking/turning areas along with a barn/garage, large workshop and further garage. In all, the property has a former shop frontage to Church Street, a generous three/four bedroom cottage, a one-bedroom split-level cottage/flat, an outbuilding, garage/workshop adjoining the shop premises (which could be knocked through).

In addition, full planning permission has been granted to convert the existing outbuilding to the left of the yard into a two-bedroom attached bungalow with a large garden and garage, offering an excellent investment or multi-generational living opportunity. Work has commenced on the development of a new bungalow, triggering the planning permission. The owner has documentation from the planning department of Somerset Council acknowledging the start of afore mentioned bungalow, deeming the planning now in perpetuity.

ACCOMMODATION

Currently the accommodation comprises the shop premises (two rooms) with an adjacent garage/workshop which could be incorporated into the shop premises to enlarge the area, a 3/4 bedroom house with 2 reception rooms, conservatory, kitchen/breakfast room, bathroom, a further self contained split level 1 bedroom cottage/flat, a garage, further barn and games room, the former being part of the planning permission to demolish and build a new 2 bedroom bungalow with the large adjoining gardens.

OUTSIDE

There is pedestrian access from Church Street to the main former shop premises. The rear of the property is accessed via Almshouse Lane, leading to a large open yard area that provides parking for several vehicles and access to the 1-bedroom flat/cottage, the large cottage/house, workshops, garages, etc. There is plenty of scope to redesign the outside area to provide areas for the house and cottage, together with the redevelopment of the workshop/barn into a 2-bedroom bungalow with the adjoining large garden. This accommodation may suit multi-generational living or substantial letting income for at least 3 or 4 properties.
