The Detail
The property is accessed via the side entrance, opening into a welcoming hallway with wooden flooring, a useful storage cupboard and access to the loft. From here, the accommodation flows through to the principal living spaces, with the benefit of the extended layout providing additional room and flexibility.

The kitchen diner has been thoughtfully extended to the rear, creating a spacious and practical environment for cooking and dining. Finished with grey tiled flooring, white high-gloss cupboards, grey worktops and coordinating wall tiles, the kitchen combines a contemporary appearance with useful storage. A separate cupboard houses the Worcester combination boiler, while integrated appliances include a double oven, AEG induction hob, Zanussi extractor hood, dishwasher and washing machine. There is also space for a fridge freezer and dining table.

The extended lounge diner offers ample room for comfortable seating and a dining table, with carpeted flooring, an electric fire with hearth and surround, and a side-facing window. Patio doors lead directly into the conservatory, which features laminate flooring, a glass roof and further patio doors opening onto the garden.

There are three double bedrooms. The particularly spacious principal bedroom benefits from a front-facing bay window and plenty of room for wardrobes and additional furniture.
