Description

This smart two-bedroom end terrace home was built in 2007 by Linden Homes and still retains that modern feel with its UPVC double glazing, skimmed ceilings, and neutral décor throughout.

There is an allocated parking space both to the front and the rear of this property, great for when having visitors.

Stepping through the front door, a spacious hallway awaits you, with practical wood flooring leading through to the living room. The downstairs cloakroom, refurbished in 2023, provides space to hang coats and is perfect for when people come to see your new home. The kitchen is fully fitted with a range of integrated appliances, and the combination boiler is concealed within a kitchen unit for a neat finish. The living room has double doors out to the garden, space for a dining room table and a large understairs storage cupboard ideal for hiding the Hoover and ironing board.

Up to the first floor, there are two double bedrooms, both with built-in wardrobes and one with an en-suite shower room, refurbished in 2024. With a family bathroom as well, when friends or family come to stay, they can have their own bathroom.

Outside, the back garden is south-facing and paved. There is also a gate which gives you access to your rear parking space. The handy covered area to the side of the house allows plenty of space to store your bikes and somewhere to store your outdoor furniture in the wintertime.
