2 Low Mill House Low Mill

The Property:

Occupying a truly unique position within the peaceful hamlet of Low Mill, on the outskirts of Egremont, this charming three bedroom Georgian residence offers a rare opportunity to acquire a home of considerable character, history and potential. Once forming part of a former mill owner's house, the property enjoys an idyllic setting shared with only a handful of neighbouring homes, creating a sense of privacy and exclusivity that is seldom found. Boasting elegant proportions throughout, including impressively high ceilings and generously sized rooms, the property has remained in the same ownership for many years and now presents an exciting opportunity for a new owner to modernise and create a truly special home tailored to their own tastes and requirements.

The accommodation is both spacious and versatile, comprising an entrance hallway, a substantial dining kitchen, formal lounge and ground floor WC. To the first floor are three well proportioned bedrooms, including a principal bedroom with ensuite shower, together with a family shower room. Beneath the property is useful under house storage, whilst an adjoining outhouse provides additional practical storage space.
