SHARED OWNERSHIP HOMES

What is SHARED OWNERSHIP?

Shared Ownership offers you the chance to buy a share of your home (between 40% and 75%) and pay rent on the remaining share. You could buy bigger shares when you can afford to do so which is referred to as 'staircasing' and the more shared you own, the less rent you pay. Muir Housing Group offer 'staircasing' to 100% ownership.

HOW IT WORKS

Because you are buying a share of the property, the deposit you need is a lot smaller. You will typically need a deposit of just 5% of the share you are buying. You pay a deposit and legal fees. Your mortgage is based on the size of share you buy. You will pay a monthly rent on the remaining share. A service charge will apply for buildings insurance and if there are any communal areas to maintain.

The rent which you pay will go down as you purchase more shares. We retain the freehold of the property whilst it is a shared ownership, when/if you purchase all the remaining shares in your home, you will acquire the freehold interest in the property. The term of the lease is 250 years from new. Your solicitor will provide you with a copy of the lease which sets out our joint responsibilities during the conveyancing process.
