## Description

124 Westfield Road is a most handsome Victorian semi-detached house which displays an abundance of charm and character inside and out. The house has been improved and lovingly maintained by the present owners, for whom it has been a happy family home for over 25 years. Indeed, the house has only had 4 owners in its circa 130 year history; a testament to the quality and sustainability of this ideal family home.

The accommodation is principally laid out over three floors (plus a cellar) and extends in all to an impressive 3,819 sq ft (355 sq m). The house is entered via a solid wood front door with fanlight over, leading into an enclosed entrance porch having part-glazed inner front door with decorative glazing to either side. A beautiful Minton tile floor runs through into the elegant reception hall, off which is a guest cloakroom WC. Off the hall are the two main reception rooms which are symmetrically and impressively proportioned; the dining room having a front aspect, the sitting

room having views over the garden. Both rooms have beautiful decorative ceilings and cornicing, and each room features a fireplace, with the living room fireplace being particularly notable having a cast iron insert and decoratively tiled slips and hearth. Adjacent to the fireplace is an attractive bespoke fitted bookcase with shelves and cupboards.

A lobby to the rear of the hall has a stained glass door opening to the rear terrace and a door leading down to the cellar which provides useful storage and which also houses the twin gas central heating boilers and the newly installed pressurised hot water cylinder. The kitchen/living area is also accessed via the lobby and is partly made up of a single storey rear extension using Victorian reclaimed bricks that was carried out several years ago by the present owners. This has created a sociable hub of the house, having clearly defined areas for cooking, dining, and living; ideal for family life and for entertaining.

The kitchen itself has a dramatic vaulted ceiling with a roof lantern which, in addition to a wide window overlooking the garden ensures maximum natural light. There are good quality white painted hardwood units with black granite work-surfaces, there is an Aga with three ovens, a grill, and six ring gas hob, and integrated appliances include an AEG integrated dishwasher and a Bosch full height fridge.

The dining area opens off the kitchen and provides ample space for 6 diners who will enjoy pleasant views out to the garden via part-glazed double doors which open out to the terrace. Opening off the dining area is the comfortable living room which has a window to the front and is set around a cozy log-burning stove, set into a chimneybreast. A door off the living room leads into the utility room which has fitted base and wall units and space and plumbing for a washing machine and tumble dryer. A further door leads into the garage.

The first floor accommodation is split by a delightful half-landing with a most charming window overlooking the garden which has an exquisite leaded and stained glass top section and a fitted box seat with storage beneath. Off the half landing is one of the three double bedrooms on this floor as well as a bathroom with cast iron bath, separate shower, WC and wash basin.

A few steps up from the half landing leads to the main landing, off which are the two further double bedrooms and shower room. The rear bedroom enjoys fine views of the garden and

beyond and has a cast iron feature fireplace with fitted wardrobe to one side of the chimneybreast. The front-facing bedroom has a fitted wardrobe and an attractive arched recess with fitted shelving. There is a door into the adjacent shower room which is also accessed off the landing. The shower room has a large walk-in shower and a wash basin and WC set into a fitted vanity unit.

The second floor has a similar arrangement to the first, with a double bedroom and a bathroom off the half-landing. There are then two further large double bedrooms off the main landing, one with a front aspect and one with elevated views to the rear.

### Outside

To the front of the house is a granite sett driveway providing off road parking for several cars, and a 7kW EV charger. To the left hand side is an attached garage with timber double doors, power and lighting, and a pedestrian door leading directly into the house via the utility room.

To the rear is a truly delightful garden which is set out over three tiers. A large flagstone terrace spans the full width of the house and includes two relaxing water features. The terrace is bordered by an attractive Victorian brick wall with a gate set into a brick arch to one side leading to a side passage and storage area providing front to rear access

Steps from the terrace lead down to the middle tier which has a profusion of mature shrubs and flowering plants with pathways running through, and a central circular lawn. A pergola and steps to one side lead down to the lower tier where there is a large lawned area, two timber sheds, a greenhouse, and a compost area. There are two free standing wood stores, one off the main terrace and the other behind the greenhouse, providing a year's storage for the log burner. To one corner, a set of sleeper steps leads up to a lovely raised seating area; just one of many vantage points from which to enjoy this most enchanting garden. We have measured the total plot to be in the order of 0.28 acre.
