EACH RESIDENCE OFFERS A LEVEL OF BESPOKE QUALITY

The building itself has been created with a deep commitment to environmental responsibility, using advanced construction methods, innovative materials and cutting edge technology to minimise energy consumption and reduce running costs.

Air Source Heat Pumps, solar panels integrated into the roof provide highly efficient, renewable energy, while state of the art insulation ensures optimal comfort throughout the year.

A full elevation Living Green Wall brings natural beauty to the town centre setting, enhancing biodiversity, capturing carbon and naturally regulating temperature, keeping the building cooler in summer and warmer in winter. EV charging points further support a low impact lifestyle.
