THE GRAND TOUR

Stepping through the main entrance, you are welcomed into a light and bright dual aspect hallway with stairs rising to the first floor. Doors give way to all ground floor accommodation, including a dedicated study to the right. To the left, the spacious sitting room allows for a range of soft furnishing layouts and features original wood flooring, centred around a period open fireplace with a wooden mantel. This room enjoys a front facing aspect and French doors leading out to the garden. The 26' dining room is a true highlight of the home, with tiled flooring underfoot and three sets of French doors that open directly onto the garden, perfect for summer entertaining. Flooded with light from Velux windows, there is ample space for large formal dining table, leading through to the 20' fully fitted kitchen. The kitchen offers a range of wall and base units with room for a 'range' style cooker, under counter space for a dishwasher and a large 'American' style fridge freezer. Characterful period wooden beams and overhead skylights complete the space. Beyond, the family room features carpeted flooring and a bay window to the front. Currently used as a second reception room, it leads to a convenient utility space with a Belfast sink, further storage, and plumbing for a washing machine and tumble dryer. An inner hall leads to a ground floor three piece shower room and a versatile ground floor bedroom, ideal for multi-generational living. Completing the ground floor, a door beneath the stairs leads down to a cellar, currently utilised as a music room but offering great versatility.

Ascending to the first floor, the landing is split over two levels. The stunning main bedroom features an original cast iron fireplace, fitted wardrobes, and a substantial four piece ensuite bathroom including a bath with shower over, a bidet, and integrated storage. The main corridor leads to four remaining bedrooms; the second bedroom enjoys a front facing aspect with integrated wardrobes and access to a through room, currently used as a bedroom or would make an ideal dressing room suite. Two further double bedrooms enjoy rear facing aspects, while the final bedroom, currently a single bedroom would serve perfectly as a home office. Completing the accommodation is the three piece family bathroom featuring a corner bath with shower over and a designer heated towel rail.
