About this property

Set within the historic and highly regarded village of Llanvihangel Crucorney, just a short distance from the vibrant market town of Abergavenny, this impressive detached family home offers over 3,000 sq ft of beautifully presented accommodation, which is both generous and flexible.

Dressed in attractive local stone, the property is a modern home that has been lovingly maintained and continually improved by our Vendors, who have been its first and only owners. The result is a home that feels established, considered and exceptionally well cared for, with a number of recent enhancements adding further appeal. At the heart of the ground floor is a superb open-plan kitchen/family room, providing an impressive everyday living space with plenty of room for family life and entertaining. Further reception accommodation includes a separate dining room and generous sitting room with wood burning stove, whilst there is also a dedicated home office. In addition, there is a guest WC, and utility room off which is direct access into the integral double garage. Upstairs, the accommodation is particularly impressive, with five well-proportioned bedrooms arranged around a spacious landing. The principal bedroom benefits from its own recently refitted en-suite shower room, and freestanding bath, while additional bedrooms are also served by en-suite facilities, complemented by a superb recently refitted four-piece family bathroom.

The property is equally well equipped externally. A substantial driveway provides extensive off-road parking, leading to the double garage, and there is also a 7 KWh EV charging point. The private west facing rear garden provides an attractive and secluded setting for outdoor entertaining, play or simply enjoying the peaceful surroundings. It includes a patio to the fore and is otherwise laid to lawn interspersed with trees and shrubs.

A further significant benefit is the updated heating system, now served by an air-source heat pump, providing a modern and efficient approach to heating the home in a rural setting where oil-fired heating systems are more standard. It should be noted that under floor heating runs throughout both floors.

The combination of scale, layout, presentation and location makes this an exceptional family property. With its generous reception spaces, five bedrooms, multiple bathrooms, integral double garage, extensive parking and private garden, this is a substantial modern home that has been thoughtfully enhanced and meticulously cared for from new.
