# PROPERTY DESCRIPTION

The ground floor has been designed with one thing in mind, the incredible outlook to the rear of the property, and is undeniably effective. The main living room is a large entertaining space, with two large picture windows to the rear, as well as a shower room and French doors out to an outdoor entertaining area. The Neptune kitchen has units in "Neptune Grey Oak", contrasting against the white quartz worktop on the kitchen island. Adjoining the kitchen is the beautiful new addition of a garden room, featuring two walls of glass, providing the perfect vantage point for views over the garden. The ground floor also features a dining space, a formal sitting room, a downstairs w/c and utility room.

Upstairs the principle bedroom is located at the western end of the house, with a generous ensuite, and walk-in wardrobe. The remaining double bedrooms are found along the rear of the house to make the most of the garden views, along with a family bathroom.

The house is amazing, though in this case it's only part of the story, for the property benefits from a number of outbuildings, including one to the front of the house featuring a home office, gym area, additional shower room and a guest bedroom. There are also two double garages, a greenhouse, and an old stable block. The block is currently used for garden storage, though vehicle access and the nature of the property means it could easily be converted back into functional stables. The gardens are vast, and strike a perfect balance between practicality for human use, and consideration for wildlife, pollinators, and biodiversity. The patio areas to the rear of the house are perfectly situated for socialising and soaking up the sun, with an outdoor kitchen, seating areas, and feature pond all adding to the atmosphere. To the front of the house, the property benefits from two large private gates, the owners tend to use one in, and one out. The house has one more trick up its sleeve, a further acre and a half of woodland sits alongside the formal gardens, full of bluebells and wildlife, it truly is idyllic. The area is a balance of forest clearings, and mature trees, and some denser areas of vegetation. It's been brought to our attention that this space combined with the stable block would lend the property perfectly to equestrian use.
