Robert Ellis are delighted to welcome to the market with the added benefit of being sold with no upward chain, this traditional three-bedroom detached family home with an additional detached self-contained independently accessed one-bedroom annex with shower room and open plan living dining kitchen.

The property is situated in central Beeston being just a short walk away from all the high street amenities, shops, services and transport links.

The accommodation as a whole comprises a spacious and welcoming entrance hallway with useful understairs storage cupboard, ground floor WC, formal living room and L-shaped open plan family dining kitchen to the ground floor. The first floor landing provides access to three bedrooms and a spacious four piece bathroom suite whilst a further turning staircase then rises to the attic space.

The detached L-shaped, self-contained annex (known by the current owner as "Little Cedar") running off its own central heating boiler system comprises of an open plan living dining kitchen space, bedroom and shower room.

We believe this property offers the opportunity for buyers requiring accommodation for a dependent relative or teenager wanting to experience independent living whilst remaining on-site to the main residential home.

The property also offers easy access to nearby Highfields Park, Queen's Medical Centre, the University of Nottingham and the A52 which links Nottingham and Derby.

We highly recommend an internal viewing.
