Silverdale Avenue, Minster On Sea, Sheerness, ME12 2RD

£475,000

 4  2  2

This is one of just two architecturally designed top Specification 4 Bedroom detached homes, individually built within a highly desirable and well established road, offering a level of exclusivity that is incredibly hard to find, unlike a new build estate where there is endless rows of identical houses, here there's no overcrowded development, no compromise. From the moment you arrive, the quality is unmistakable, with underfloor heating throughout the entire ground floor, quartz worktops, Amtico flooring, New Carpets to be laid in Bedrooms, Stairs and the Landing. Outside the front is a EV charging point and an air source heat pump creating a home designed for modern luxury living.

The stunning kitchen family space is built for everyday life and entertaining, while upstairs four generous bedrooms provide flexibility for growing families. Add the southerly facing garden, 10 year warranty and award winning beach nearby, and you have something truly special. PA1009
