

Woodside Farm Everest Road, Hyde, SK14 4DX

£550,000

Homes like this don't come to market very often.

This three bedroom semi detached farmhouse has a real sense of character from the moment you arrive, with its stone façade and traditional mullion windows setting the tone. It's clear that the current owners have taken great care to modernise the property, while still keeping the charm and features that make it so special.

Inside, the layout works beautifully for day-to-day living. You're welcomed by an entrance hallway, leading through to a spacious dining room that's ideal for family meals or entertaining. The lounge offers a more relaxed setting, centred around a log burning stove that adds both warmth and character.

The kitchen has a classic country feel, complemented by three Velux windows above which bring in plenty of natural light throughout the day. To the rear, a porch with a stable door provides direct access out to the garden - a practical and fitting addition to the home.

Upstairs, there are two well proportioned double bedrooms, a single bedroom, a generous family bathroom, and an en suite to the main bedroom.

Woodside Farm Everest Road

, Hyde, SK14 4DX

£550,000

Despite the semi-rural feel, the property is well placed for everyday convenience. There are a range of local shops and supermarkets nearby for day-to-day essentials, including a Co-Op and a One Stop Convenience store, along with a selection of well-regarded primary and secondary schools within easy reach.

For those needing to commute, there are several train stations close by, including Newton for Hyde and Godley, providing straightforward links into Manchester and the surrounding areas. The area also offers a good balance of accessibility and green space, with countryside walks and open areas never far from your doorstep.

Hallway

Additional Information

Tenure: Freehold

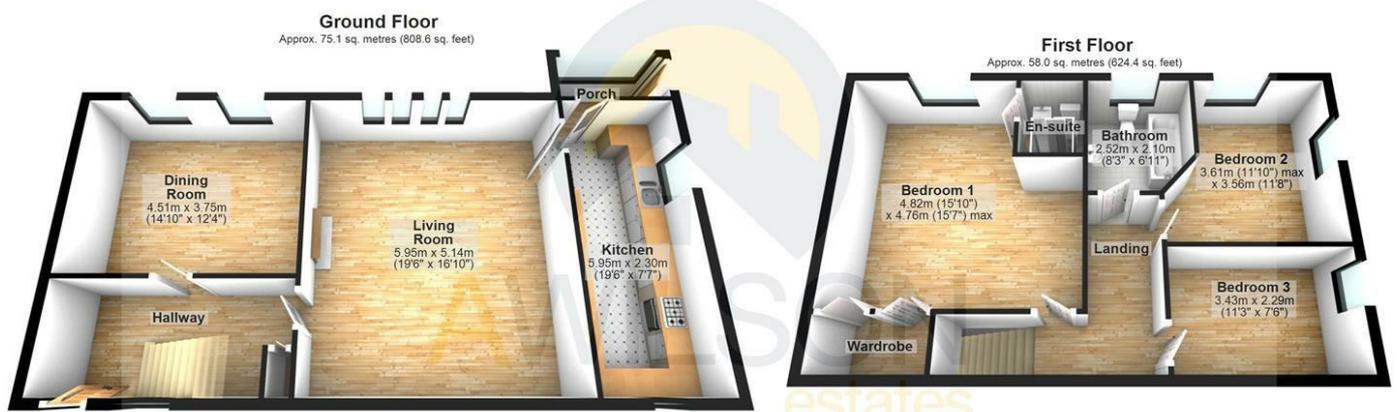

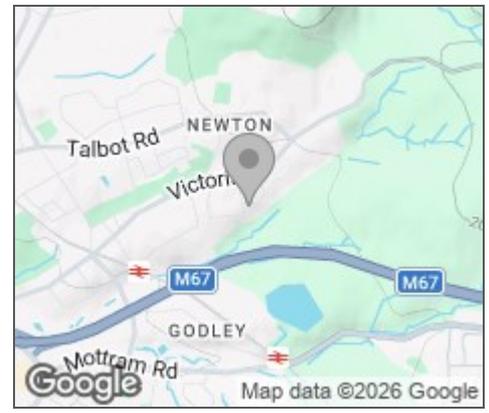

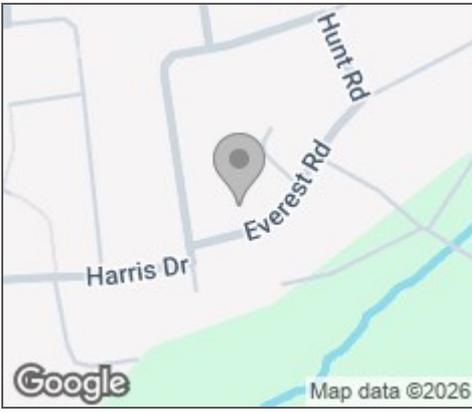

EPC Rating: E

Council Tax Band: E

Utilities: In keeping with its rural setting, the

property is heated via an oil-fired central heating system, with a storage tank positioned within the grounds. This type of system is commonly found in homes of this nature and offers an effective and independent way of heating the property. Waste is managed via a septic tank, again typical for properties in more semi-rural locations.

Total area: approx. 133.1 sq. metres (1433.1 sq. feet)
