THE SITE

The property comprises a large piece of land, mainly grassed with established trees and side drainage dykes.

There is a wooden walkway connecting to the peninsular piece of land where the main mooring is located. Where the walkway is located, there is a former timber slipway which is now redundant. In addition, the vendor informs us the walk way once provided a fantastic place to launch smaller craft like paddle boards and small boats. Please note, there will need to be some dredging and clearance of reeds.

SUMMER HOUSE

The property has a good size timber summer house and patio area, providing an excellent place for the family to enjoy a BBQ.
