Property Description

A quality house originally built by Berkeley Homes over 30 yrs ago and set on a pleasant cu de sac of six neighboring properties. Offering a good sized drive for multiple cars leading to a car port and double garage that is great both for you and your visitors. The landscaped front garden and pathway lead to the covered entrance that opens to the welcoming hallway. A nice open space that sets the tone for the house offering access to the downstairs cloakroom and stairs with under storage space. To the left and running from front to back is the large modernized kitchen diner. This has been opened up by the current vendor from what was three separate rooms and now provides the modern solution with open plan living. The fitted Kitchen to the rear is of good quality and most of the integrated white goods will remain. The dining space to the front is a light and bright area and fits a good sized table to enjoy breakfast lunch and dinner.

Windows to front and back pour light into the space and a side door gives one of two access points to the garden. A separate, more formal dining area is also provided and offers flexibility of use as a study if all bedrooms are required. This also has good light from the rear garden opening into the main reception space. The sitting room is of good proportions with a feature fireplace sitting centrally against the outside wall. Bifold doors lead out to the stunning addition of a conservatory with the popular gabled Victorian styled roof and wooden effect flooring.

A fantastic additional space that the vendor uses daily looking out over the garden and gives even more space for a sprawling family.

Upstairs, off a central hallway the house fulfils its family home status with four double bedrooms. The principal bedroom benefits from a bank of wardrobes across one of main walls and ensuite facilities with large walk in shower. The bedroom is of good size to fit in a dressing table and lots of space around a good sized bed. This is situated to the rear of the house and all bedrooms are well positioned in four corners of the house most with built in storage and wardrobes. A family bathroom with bath and shower over modernized in recent years provides the other three bedrooms.

Externally the house has a beautiful garden that has been so well looked after by the vendor with feature plants and borders, a social patio area sits centrally in the garden. Access to the double garage with a side door that has power and light. Side access from the garden to the front drive is provided.
