- Traditional Semi Detached Home
- 3 Bedrooms
- Potential Study Space
- Pleasant Established Enclosed Rear Garden
- Further Potential
- Extended Accommodation
- 2 Reception Areas
- Gated Driveway & Garage
- Edge Of Village Location
- No Upward Chain

An interesting opportunity to purchase an extended, traditional, semi detached home occupying what is a relatively generous plot for this type of property approaching 120 ft. in depth and benefitting from a westerly rear aspect, a gated driveway and garage to the front and pleasant, enclosed, established gardens at the rear.

Internally the property offers a versatile layout which, to the ground floor, comprises an initial entrance porch leading through into an inner hallway and, in turn, a pleasant sitting and a particularly generous main reception which benefits from a dual aspect and provides a substantial space for both living and dining but potentially could be subdivided to create two separate rooms. Leading off this room is a further useful space which has been converted from the rear of the garage to be utilised as a home office but could be returned back to garage space if required. In addition there is a fitted kitchen and a ground floor shower room. To the first floor there are three bedrooms with the generous principle room affording fantastic panoramic views to the front.

In addition the property is offered to the market with no upward chain and benefits from gas central heating and relatively neutral decoration throughout. The property provides an interesting opportunity for those looking for an individual home which potentially has additional scope to both extend and reconfigure.

With this in mind, although of course it's now lapsed, the property did have planning permission agreed in 2003 for a substantial two storey side extension which provided two further bedrooms and shower room. Obviously any planning would have to be resubmitted but does demonstrate some possible onward potential.
