The Town

Lapta is located approximately 9 miles west of Kyrenia and is one of the most scenic and peaceful coastal villages in Northern Cyprus, home to a welcoming and diverse community. The area is rich with olive, citrus, and pine trees, for which Lapta is well known. In the spring, the landscape comes alive with blossoms, in the winter it is bright with citrus fruits, and in the summer it enjoys the warm Mediterranean sunshine and cooling sea breeze.

The village stretches along the coastline and up towards the foothills of the Kyrenia mountain range, offering stunning panoramic views of both the sea and the mountains. Lapta is also known for its beautiful coastline, walking paths, and nearby beaches, making it a favourite for both residents and visitors.

There are a variety of charming restaurants, cafes, and local amenities within the area, combining a relaxed village atmosphere with convenient access to Kyrenia city centre.
