IF YOU LIVED HERE...

The ground floor begins with a generous front reception, where a broad bay window brings in plenty of natural light. A wide opening connects the room with the dining area beyond, creating an easy flow between the two spaces while still giving each its own identity. Timber flooring and confident touches of colour add warmth and personality.

Continue towards the rear and you'll find the full-width kitchen, with glazing overlooking the garden and a door leading directly outside. Timber cabinetry is paired with deep green units, while the adjoining dining area leaves plenty of room for everyday meals and larger gatherings. A separate utility room sits just off the hallway, alongside useful ground-floor storage.

Upstairs, there are three bedrooms arranged around the landing, including two generous rooms and a smaller third bedroom, ideal as a child's room or home office. The family bathroom is also on this floor, with a bath and shower above. Outside, the rear garden

is a lovely green space with mature planting and room to sit out in warmer weather.

WHAT ELSE?

- Wood Street is close by for Overground services, as well as its colourful Indoor Market and collection of independent businesses.
- Lloyd Park and the William Morris Gallery are within easy reach, offering plenty of greenery and culture close to home.
- Walthamstow has a rich mix of independent cafés, restaurants and shops, with plenty more to explore around Wood Street and the wider neighbourhood.

WORD FROM THE OWNER...

"We have lived here for 12 years and have built amazing memories here, so much so that we aren't looking to move out of the area and are keeping our kids at the local school. This was our first home and we hope that another family will love it as much as we do. There is lots of potential to redevelop the kitchen. Our boys have loved having the forest on the doorstep and school just down the road.

We also really love the apple, pear and plum trees growing in our garden - we hope you keep the harvest going!"
