East Molesley, KT8

Dexters

Welcome to Matham Road

Matham Road is an elegant development of just two neo-classical four bedroom town houses, situated within the highly sought-after and well-connected area of East Molesey.

The development has taken many design cues from the surrounding Georgian, Victorian and Edwardian architecture, blending in seamlessly. Nestled between the River Thames to the north and the River Mole and River Ember to the south, Matham Road really does have it all: modern town-based living with beautiful countryside on its doorstep. Enjoy easy access to the many local amenities, before escaping to the perfect peace and tranquillity of Bushy Park, a stunning destination perfect for long walks and family days out, just five minutes away by car.
