

Woolborough Lane, Outwood

£1,425,000

Introducing the latest of four brand new modern houses built by award winning developer Virtue Property group, where sustainability and contemporary design converge to create the ultimate living experience.

The latest of Four minimalist homes overlooking miles of undisturbed Surrey countryside, Ralph James is proud to present one of the best sites and schemes currently on the market.

The building is a contemporary take on an industrial barn, comprising low pitched roof elements with a flat-roofed porch that will form the main entrance. The exterior will be characterised by a striking combination of white brick and black timber with extensive glazing, and a stone base will level the plan with the sloping terrain towards the south end. Internally, a tactile palette of materials will establish a textured but minimalist aesthetic, allowing leafy views to take centre stage.

The plots lies in Outwood, located five miles south of Redhill in Surrey. This peaceful village is characterised by leafy country lanes and a the village is home to Outwood Mill, a post mill built in 1665, which was once the oldest working post windmill in England. The surrounding area is known for its open fields and rolling countryside, offering an array of walking and cycling routes easily accessible from the houses.
