An excellent opportunity to purchase a traditional terraced home within this popular former RAF development, located in a favourable position with a pleasant open aspect to the front and rear. Internally the property offers a versatile level of accommodation lying in the region of 900 sq.ft. and is tastefully presented throughout with modern fixtures and fittings, benefitting from UPVC double glazing and gas central heating.

The accommodation comprises an initial enclosed storm porch which leads through into a really useful cloaks room and, in turn, a boot room providing an excellent level of storage. The central entrance hall again has an excellent level of storage with a walk in pantry. The hallway links through into a dual aspect sitting room with access into the addition of a conservatory with "warm roof" providing a further versatile reception space. The sitting room links through into a fitted kitchen with access out into the rear garden. To the first floor there are two double bedrooms, the principle of which is fitted with a generous range of integrated furniture and offers a pleasant aspect to both the front and rear across to neighbouring greens. A first floor contemporary shower room provides facilities for both bedrooms.

As well as the internal accommodation the property occupies a pleasant landscaped plot designed for relatively low maintenance living with a forecourt frontage what overlooks the green area with parking bays and we understand the property benefits from the use of one parking space with an additional shared space for visitors.

To the rear of the property is an enclosed garden overlooking an adjacent green. The garden has been landscaped to provide various seating areas and is well stocked with shrubs and has an attractive ornamental pond.

Overall this would be an excellent opportunity for a wide range of prospective purchasers.
