Asking Price
£275,000

A spacious three-bedroom terraced home with a driveway for two cars, a good sized rear garden and a useful integrated storage room. Tucked away at the top of a quiet cul de sac on the northern side of Mere, the property is just a three to five minute walk from the town centre, offering the peace of a residential setting with everything close to hand.

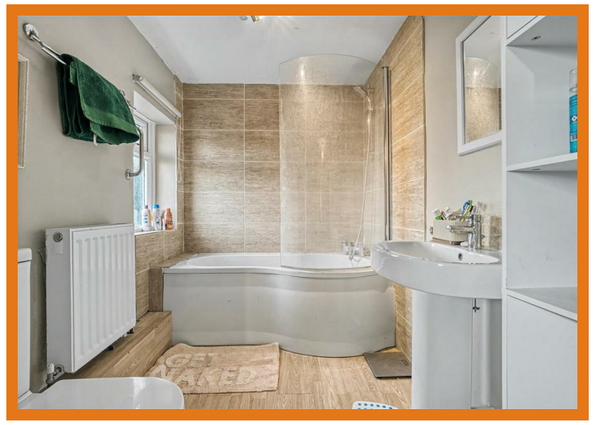

Extended by previous owners to add a dining room and utility room, the property offers well proportioned accommodation throughout. This includes an entrance hall, a downstairs WC, a sitting room of over 18ft with a decorative fireplace, a dining room, a kitchen and a utility room, with an integrated storage room accessed off the utility room. Upstairs there is a generous landing, three bedrooms, including a main bedroom with built-in wardrobes, and the family bathroom. The current owners have fully re-plastered the sitting room and bedroom two, and the property benefits from uPVC double glazing throughout and a Worcester combi boiler. Outside, there is a gravelled driveway for two cars and a good sized rear garden with lawn, mature planting and a shed.

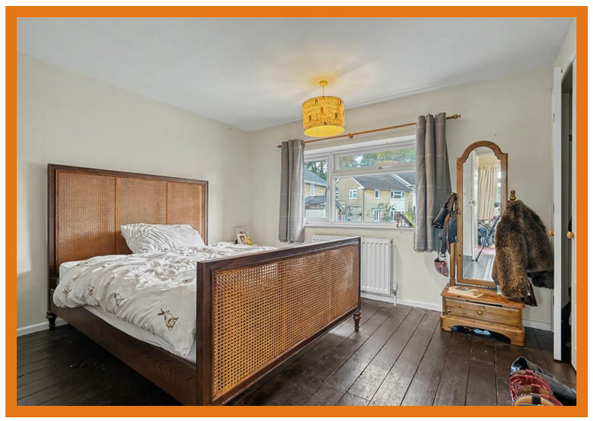

Castle Hill Crescent enjoys a convenient position in Mere, within a few minutes' walk of the town centre and its range of amenities, and around seven to ten minutes' walk from Mere Primary School. The A303 is around a mile away, providing excellent road links to the South West and London, while Gillingham's mainline railway station, a short drive away, offers services to London Waterloo and Exeter St Davids.

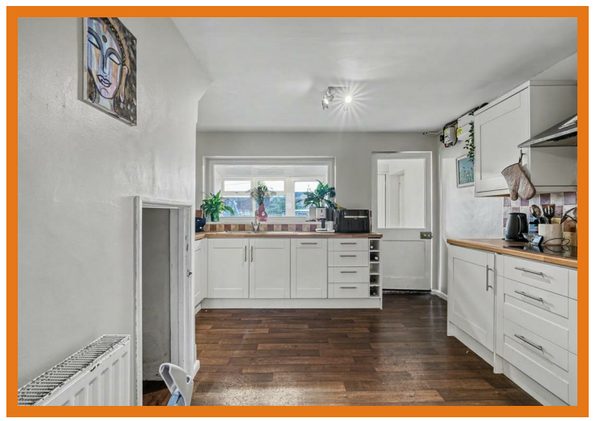

The Property

Inside
Ground Floor
The property is approached over the driveway, with the front door opening into the entrance hall. The kitchen is a good sized room fitted with a range of white shaker style floor and eye level units with wood effect work surfaces and a stainless steel sink set beneath the window. There is a double oven with grill and an induction hob with extractor over, along with wood effect flooring. The kitchen leads through to the utility room, which has plumbing for a washing machine and tumble dryer and benefits from side access from the front of the property. Accessed off the utility room is an integrated storage room.
